Who we are

Bank Polski

PKO BP SA is the biggest bank in Poland and one of the biggest in the region.

We have over 9 million customers with over 2 million using our mobile Internet services every day.

Our bank is integrated with Polish Governmental services and provides key services for Polish people.

Team's Structure

Bank Polski

We are divided in 5 teams:

- Incident Response
- Monitoring
- Analysis and Audit
- Research and Development
- Standards and Compliance

What we do

Bank Polski

Protect our bank from common every day attacks.

Provide various security services for our bank.

Protect our customers from online fraud attempts.

Who we want to become

Bank Polski

- ❖ To be fully immersed in the CERT community.
- ❖ Build new and extend existing CERT services.

We are on the path already!

- Listed team in TF-CSIRT, aiming for higher status
- Soon to be in FIRST

Bank Polski
