TF-CSIRT Mission

The mission of TF-CSIRT is to facilitate and improve the collaboration between the European CSIRT community to make cyber space a better place.

Why Us?

TF-CSIRT operates with <u>a European mindset</u>, and strives to make it services and meetings inclusive, accessible, easy-to-reach, and affordable for <u>all CSIRTS in Europe</u> – regardless of sector. Through <u>the Trusted Introducer service</u>, TF-CSIRT can offer well-maintained and up-to-date information and provide teams with recognition status via its differentiated listing, accreditation and certification processes.

Critical Success Factors

1. Knowledge within and outside the community is leveraged to provide high quality training and trainers.

2. Live meetings happen.

3. A governance and financial models that are fit for purpose.

4. We provide a reliable infrastructure that meets community needs.

5. We drive projects with impact.

6. There is sustainable membership development and engagement.

7. We foster the "we feeling".

8. There are trusted information and maturity processes.

9. TF-CSIRT has prestige and visibility.

Strategic Aims

1. Improve TF-CSIRT governance.

2. Leverage community knowledge.

3. Champion the prestige and visibility of TF-CSIRT.

4. Develop a future business and financial model.

5. Improve face-to-face engagement.

6. Improve internal organizational processes.

7. Safeguard and enhance the trusted infrastructure and maturity process.

Goals

- Goals identified for each aim
